WORKFORCETACTIX, INC. RECOGNIZED BY BOTH LOCAL & NATIONAL MEDIA

BALTIMORE—October 20, 2010— A regional leader in plan management, business risk management and business process consulting, WorkforceTactix, Inc. is among the nation's fastest-growing, and one of Baltimore's largest private companies.

Inc. magazine recently identified WorkforceTactix - under its former moniker, Group Insurance Solutions (GISI) - as one of the fastest-growing private companies in the country for the second consecutive year. Additionally, it is the second year the firm placed among the publication's top 100 companies in the Baltimore area.

"As an (2010) Inc. 5000 honoree, WorkforceTactix shares a prestigious pedigree with such notable alumni as Intuit, Zappos, Under Armour, Microsoft, Jamba Juice, Timberland, Visa, Clif Bar, Patagonia, Oracle, and scores of other powerhouse," per Inc. magazine Editor, Jane Berentson.

Locally, the Baltimore Business Journal also recognized WorkforceTactix, Inc. as one of the largest private companies based in the Baltimore area per the 2009 revenue of participating organizations. Out of 800 solicited firms, only 100 were recognized by the BBJ, of which, WorkforceTactix ranked in the top 50.

Earlier this year, WorkforceTactix, Inc. changed its name from Group Insurance Solutions, Inc. to better reflect the transformation and strategic direction of the Company's core competencies in group benefit consultation, design and service, and further includes the broad array of workforce strategies now available to its client partners. Submissions to each media outlet for list consideration were provided prior to the corporate name change as each respective ranking reflects.

"Our rebranding is important to our long-term growth strategy and another step in the evolution of our company," said Christopher Swam, President. "While our name has changed, the service excellence our clients have come to expect from our organization remains the same. Our primary goal remains to partner with our clients to protect their human and financial assets."
